

5th Course, 8th Class

Thursday, April 27

1. Review schedule of classes.
2. Meaning of Rx planets.
3. How a wedding date affects a marriage. Rachna and Dawn mentioned the effect of dates and here is what I wrote Rachna:

The marriage date does not overpower the synastry. It adds an additional important issue to deal with. For example, if the marriage date is not romantic and there was some dissonance at the marriage, then the married couple does not have a beautiful memory and they feel the loss of what they had hoped for. There is this feeling of having come back to earth and some of the magic is lost, but there is a remedy: the couple can have a "second honeymoon" and even a "third honeymoon" etc. by going on a special adventure together that creates a kind of rebirth of the relationship. The first marriage then competes with these other rebirths that have some impact as well. People will sometimes look back at old photos and recognize some experience as a kind of awakening or transition, and will remark that this was the first time that they went camping, first time they saw the northern lights, the first time they went to Europe, etc. and the experience opened a new perspective on life and it reconfigured them a little bit. Sharing that bit of reconfiguring and having it happen because

you were with someone makes for a new imprint. The compatibility in the natal chart cannot be rebirthed and it does not compete with other rebirths of the relationship and it is more powerful and pervasive in its effect. However, a bad marriage day that is even worse astrologically than the people may consciously realize, deflates the marriage significantly. People often get married and years later wonder what went wrong and how they ended up in an unsatisfying relationship and they realize that it didn't need to be this way. Bad marriage dates and other dates that put into action particular habits that get repeated regularly and are never reconfigured is often part of the problem. However, again, there is a remedy. When people take second vows, etc. that is a very strong reconfiguration but milder forms of marking special events when the relationship changes also have an impact.

4. Picking date for Rachna continued . . .

Let's activate the 16V Jup-Sat and 19V grand cross.

5. Mundane Forecasting and practice forecasting. How did I come up with the formula for pro-American and anti-American sentiment?

Answer: (a) Looking at Neptune-Pluto aspects and other outer planet aspects and global trends and (b) Looking at charts of specific events. Let's look at the charts of Mon, 9-11 Twin Towers Attack and the Boston Marathon Bombing on Apr 15, 2013 2:49 PM, and (c) time of invasion of Ukraine

You guys, it is now time to focus on the VA Interpretation and do NOT mix it up. Otherwise, you will be confused and will not learn this as pure CA

Sun is also conjunct your Mercury

20:19:52 From Fei to Everyone:

Hmmmm... It is very expensive to get married again, LOL

20:20:20 From Fei to Everyone:

But it is a good idea

20:20:46 From Angela Dills to Everyone:

I did have a couple people question my getting married on a Mercury Retrograde.... Couple things.... 1. I picked the date based on our composite chart. 2. We signed the marriage license pre-retrograde. 3. I told people, “well, it did seem like we’ve done this before”. (Not our first time around).... FYI - the wedding day was mostly perfect and anything that was “off” didn’t really matter anyway. Definitely not an type of traditional “Mercury Retrograde” stuff. Things were on time, guests, schedule, etc.

20:22:13 From Rachna Anand to Everyone:

Thank you for sharing Angela

Mercury Rx is not bad actually. I advice people to travel and go shopping when Mercury is Rx. People are slow at the airport and no rush and fighting to get through. I observed this for my 20 years of travel and created an article of it. Then shopping is best you find a lot of sales at the store that they want to get rid off. Stores do cleanup letting go of inventory during Mercury Rx. Therefore, they put it up on the SALE Rack

20:31:13 From Angela Dills to Everyone:

Interesting!!!

20:31:56 From Fei to Everyone:

I got your beautiful orchids on sale he he he he

20:32:46 From Angela Dills to Everyone:

Love it 😊. I never thought it was a terrible thing, either. Just funny how people jump to judgement about things they don't know much about ;)

20:34:23 From Fei to Everyone:

People were relaxed and did not rush leaving the venue after the wedding, correct? They hang out and no feeling of aggressiveness and in a hurry, Did you observe this at your wedding Angela?

20:35:01 From Angela Dills to Everyone:

Yes - many people just relaxed and had a good time.

20:35:21 From Fei to Everyone:

Jupiter Saturn Venus is classic to have when opening a business

20:35:47 From Fei to Everyone:

Replying to "Yes - many people ju..."

20:36:06 From Rachna Anand to Everyone:

yes indeed, hopefully It gets triggered

20:40:14 From Fei to Everyone:

This is a lot of work. You will need to charge a huge amount to your client. Can't do a quick reading on this method he he he he

20:49:22 From Fei to Everyone:

This is good, you will get to practice at the conference a few days before you graduate. Then you can open your business after graduation

20:49:39 From Rachna Anand to Everyone:

Lol, yes I like that

20:51:33 From Fei to Everyone:

Oh dear, rain is pouring

21:06:40 From Fei to Everyone:
