HOMEWORK:

(1) 50 minutes of a video and see my notes also in the Homework and Recordings page.

(2) 2. Make a 10-minute video of an interpretation of someone's chart – can be one or more vibrations. Explain how you see this operating in the person's life. (7 minutes to 15 minutes only!)

TOPICS FOR TODAY:

Books

1. Angela's 8V chart:

Mar-Jup: "Entrepreneurial". Think and feel the "song/station/frequency/message/purpose/motivation" that Mar-Jup is. Think of the planetary configurations as being like a radio station that the person is tuned into.

2. Also, the Moo-Mar-Jup t-square. How I come up with the interpretation is not mysterious when you think of the way the planets work.

3. The Harmonic Highlights Report and the book: "Vibrational Astrology: The Essentials". Als step beyond the meanings of the planetary pairs to feel how the outer planets modify the inner planets to create a particular force that is trying to come through

the person.

4. POF and POS: what they mean

Questions:

a) Since 8 vibrate displays our inner dynamics, do these aspect have to be expressed, and cannot be latent?

b) You had mentioned looking at the 8th vibration, you can also find out what other vibrations are important. How do you do this?

c) the 8 and 11 vibrations disclose the disruptions in life. How does the 8th vibrate show us the disruptions?

5. Let's practice interpreting by looking at one of your charts.
