

Course 4: Compatibility

Schedule:

Nov 2022: 3 10 17 (no class Nov 24)
Dec 2022: 1 (no class Dec 8 15 22 29)
Jan 2023: 5 12 19 26

Overview of homework:

1. There are 1 to 2 hours of videos to watch each week. Each week email me one paragraph with a few comments on any observations, questions, or things you find interesting each week on the material covered in class and the video. This is short and just to keep me posted on the biggest things that come to mind about what is being presented. This is a bit informal in style; just let me know the most conspicuous or important thing that are or any observations or thoughts. A few sentences is OK.
2. Two videos of 20 minutes each. The first video is a consultation of a person, and the second video is a consultation of this person and someone that they want some information about their relationship to. The other person should be at least 12 years old so that the personality and traits are developed enough to make it possible for there to be dialogue rather than just a reading. (For newborns, for example, it is mostly or entirely a reading because there is minimal possible feedback). The first video is due on the 6th class and the 2nd video is due on the 8th (last) class. You can submit them as early as the 4th class.

Topics in this course: Compatibility and Continued Work on Natal Chart Interpretation

“Office Hours” and Evaluation of Basic Skills: I will start doing 1-hour sessions with 1 to 3 of you at a time at a time that is convenient for you. In these sessions we will (1) have a Zoom meeting and you will share your screen and I will tell you to bring up a chart, select various vibrational charts, a BiWheel and jump between charts and vibrational charts. I want to verify that all of you can do this extremely fast. At least two of you need some training with this before being evaluated, (2) We will bring up the chart of a famous person and you will begin the interpretation and tell me how you proceed with the interpretation to make sure that you proceed fairly quickly through the process correctly and come up with

some reasonably good ideas, and (3) If there are things that are unresolved or you are stuck on or I see something that can speed up your progress with some meetings, we can meet about this too.

The “Office Hour” meetings will be a maximum of 1 hour. We can do some, or all, of this during class time if all 6 of you agree to it. We do not need to decide now. You can email me about this.
