

1st Course, 3rd Class

Wednesday, January 18

1. Homework: Similar to the previous 2 weeks.
2. We will go through all planetary pairs later. Today let's learn about aspects in VA and how Vibrational Charts help us see aspects.

Reinhold Ebertin in Germany added the semisquare and sesquiquadrate.

John Addey in England developed "harmonic astrology".

$1/5$ $2/5$ $1/5 = 72$ degrees, $2/5 = 144$ degrees.

$1/7$ $2/7$ $3/7$

$1/11$ $2/11$ $3/11$ $4/11$ $5/11$

2 4 8 16 32 64 128 256 = hard aspects.

The larger the denominator, the smaller the orb.

We make all aspects occur equally often by chance.

The orb is calculated with this formula:

Divide the denominator of the aspect into 16.

What is the orb of a semisquare aspect?

Hint: A semisquare = 45 degrees = $\frac{1}{8}$ of a circle.

16 divided by 8 = 2. The orb is 2 degrees.

What is the orb of a trine aspect?

$16 / 3 =$ about 5 degrees. $5 \frac{1}{3}$ degrees = 5 deg 20 min.

The vibration is the denominator.

3 and 6 are soft aspects.

5 is organic flow

7 is introverted and quiet.

11 is restless and unstable

13 wants to be special

17 is interested in the stories of other people.

19 is pattern recognition (latest interpretation from the past 6 months).

Class Chat:

18:59:00 From Richard Smoot to David(Direct Message):

i'll be bak in a few minutes. Vicky is doing a VA consult

19:35:31 From Fei to Everyone:

No

19:36:43 From Michele Marie to Everyone:

I have sun and moon at exactly 144

19:38:21 From Fei to Everyone:

Harmonic only used 2 planets combination + midpoint. Vibration uses 3 or more planets combinations + midpoints and using the energy and vibration of each planets and combinationa.

19:38:51 From Subhashish(Subs) Acharya to Everyone:

Thanks Fei, that was a great way to explain. Always wondered

19:38:51 From Fei to Everyone:

Vibration us planetary frequencies

19:39:18 From Fei to Everyone:

You are welcome Subhashis

19:39:58 From Fei to Everyone:

Those partitions are the Vibrations

19:41:24 From Subhashish(Subs) Acharya to Everyone:

He must have had 1/11 Vibration for sure. Could be my friend for sure!

19:42:47 From Fei to Everyone:

Each of those partitions/vibrations have its own meaning. You can double, triple, quadruple it to see more aspects behind it. Vibration is the same as a magnifying glass, you get to see more aspects behind that you don't see otherwise on a regular chart

19:43:16 From Subhashish(Subs) Acharya to Everyone:

Love it @Fei. Exactly what I was just about to ask

19:44:05 From Fei to Everyone:

$11 \times 2 = 22$ Vibe, $3 \times 3 = 9$ Vibe, etc.

19:44:36 From Richard Smoot to Everyone:

15 minute or less orb

19:46:55 From vincentadams to Everyone:

Thank you Feinsteins!

19:47:22 From vincentadams to Everyone:

Few! I don't know how my auto spell messed up!

19:49:12 From Fei to Everyone:

Trine, divide the circle into 3

19:50:45 From Subhashish(Subs) Acharya to Everyone:

Basically less the Orb, more the precision

19:50:52 From Subhashish(Subs) Acharya to Everyone:

More the vibration

19:51:43 From Phillip Maxwell to Everyone:

Yes, high vibration aspects require more accurate birth times to use

19:57:47 From Subhashish(Subs) Acharya to Everyone:

If 1/11 is mad, is 2/11 ... double mad? Or Half the power of mad?

19:58:12 From Fei to Everyone:

11 is restless not mad

19:58:25 From Fei to Everyone:

You double it, it becomes hyper active

19:58:44 From Subhashish(Subs) Acharya to Everyone:

Oh!!!

19:58:46 From Fei to Everyone:

The more you double it the more it becomes stronger

19:59:28 From Fei to Everyone:

doubling, tripling, quadrupling etc. means
strengthening it not weakening

20:00:43 From Subhashish(Subs) Acharya to Everyone:

Wow!! Very bad Buy one Get One kind of offer!

Ughh!

20:01:13 From Phillip Maxwell to Everyone:

Wow! I was looking at octaves of Robin Williams 11th
vibe chart, and now that makes so much sense!

20:01:31 From Subhashish(Subs) Acharya to Everyone:

Wow @Philip!!

20:02:53 From Fei to Everyone:

Conjunction = 16 degree orb

20:03:08 From Fei to Everyone:

Opposition = 8 degrees

20:03:22 From Fei to Everyone:

Square = 4 degrees

20:03:38 From Fei to Everyone:

Trine = 5 1/3

20:05:46 From Fei to Everyone:

WHAT IS AN ORB? When an aspect occurs, it is usually not exact. The orb is how far the aspect is from being exact. For example, two planets may be 92 degrees apart, in which case the orb is 2 degrees. There is not complete agreement on exactly how big the allowable orb for an aspect should be.

20:06:54 From Fei to Everyone:

For conjunction, I go up to 2 degrees but go up to 4

20:07:13 From Fei to Everyone:

It does

20:07:13 From Subhashish(Subs) Acharya to Everyone:

@Fei, the above is for “allowable Orbs”?

20:07:26 From Fei to Everyone:

Yes Subhashis

20:07:38 From Kristen Rodzos to Everyone:

Sorry, going back to Sub's Neptune and Mercury conjunction in the 5th harmonic...are they conjunct since they are 10 degrees away, which is less than 16?

20:07:58 From Kristen Rodzos to Everyone:

oops *vibration

20:09:15 From Kristen Rodzos to Everyone:

So is it like you are dissecting it, like a surgery? to see the organs and how they work together...it looks different from the outside body which is confusing and weird, but it helps to see what is going on

20:09:47 From Fei to Everyone:

Subhashis, Saturn and Jupiter are conjunct in your 5-vibe. Saturn is 22 degrees, Jupiter is 2 degrees in the same sign (meaning they are in the same part of the wheel). 22 -

2 = 10, 10 is the orb.

20:12:01 From Fei to Everyone:

It is up to the astrologer but we are training you to use a small orb

20:14:21 From Fei to Everyone:

Look at the chart on the screen, PLUTO = 15 degrees, URANUS = 15 Degrees, that is a TRINE PARTILE meaning almost zero degrees, this IS considered SUPER STRONG

20:14:42 From Subhashish(Subs) Acharya to Everyone:

Let me see if my terrible brain understood this - when we analyze the Vibrations etc , we don't really worry about the Zodiac or the Houses?

20:14:50 From Fei to Everyone:

I mean zero degrees orb

20:14:51 From Subhashish(Subs) Acharya to Everyone:

Is this true?

20:15:26 From Fei to Everyone:

19 minutes orb

20:15:58 From Fei to Everyone:

sorry to be exact, it is zero degrees 19 minutes trine

20:16:05 From Kristen Rodzos to Everyone:

Thank you Fei! :D

20:16:32 From Fei to Everyone:

You are welcome Kristen

20:17:12 From Fei to Everyone:

Houses are not used in VA yet. The zodiac is now being used because it has been researched

20:18:01 From Subhashish(Subs) Acharya to Everyone:

Ah!!! Got it.

20:18:06 From Kristen Rodzos to Everyone:

Just wondering... Are we close to using houses? Is there any current research happening?

20:18:24 From Michael Spremulli to Everyone:

You mention a "strong" vibrational chart. What constitutes strong? One aspect, two, seven?

20:19:39 From Kristen Rodzos to Everyone:

I'm wondering that too...what Michael asked... when we do our vibrational/harmonic charts, how can we tell

which one we or our client has a lot of strength in

20:21:16 From Phillip Maxwell to Everyone:

You're looking at 4 planet patterns, and sometimes 3

20:21:37 From Phillip Maxwell to Everyone:

more than 4 is even better

20:24:26 From Phillip Maxwell to Everyone:

Van Gogh! going to the classics!

20:24:29 From Fei to Everyone:

Michael, strong means 3 or more planets
combination with very small orb or partile or 1 degree

20:24:48 From Richard Smoot to Everyone:

richard is back

20:24:59 From Subhashish(Subs) Acharya to Everyone:

Thanks @Fei, thats what I was looking to hear. 3 or
more, with very small orb

20:25:01 From Jehan to Everyone:

Still here

20:25:10 From Fei to Everyone:

Kristen, it is easy to detect, the chart is super busy with a lot of thick lines

20:25:24 From Michael Spremulli to Everyone:

Reacted to "Kristen, it is easy ..." with 👍

20:25:50 From Subhashish(Subs) Acharya to Everyone:

After looking at so many lines on a chart - we need to open a bottle of whiskey for sure

20:25:56 From Fei to Everyone:

Thick lines that has small orbs meaning 0 to 1 degree

20:26:57 From Fei to Everyone:

🤪 You are so funny Subhashis

20:28:13 From Fei to Everyone:

In the same zodiac sign. Remember, the zodiac signs are the names of the degree in the chart. Always remember that

20:28:31 From Fei to Everyone:

$18-16=2$ degree orb

20:29:44 From Fei to Everyone:

He can easily imitate Chinese and Indian accents it is

impressive

20:30:29 From Fei to Everyone:

THE KEY TO VA IS YOU FEEL THE CHART

20:31:13 From Subhashish(Subs) Acharya to Everyone:

@Fei, David and I should do some stand up Indian accent comedy - theres 30 states, everyones dialect changes. I more or less know the accents of 15 of them

20:31:23 From Richard Smoot to Everyone:

Buddy Holly <https://youtu.be/9mDGcxbAusc>

20:31:28 From Phillip Maxwell to Everyone:

I will become Matt Murdock and feel the slight raises of the ink off the paper with my hand!

20:31:40 From vincentadams to Everyone:

20:31:52 From Fei to Everyone:

What does it mean? You feel the chart by owning that chart as if it is your own. Then interpret the planets in the chart as if YOU are interpreting your OWN chart. When you do this YOU WILL definitely feel the chart and can come up with a good advice to your client because you

feel and live the chart.

20:33:14 From Kristen Rodzos to Everyone:

That is really cool Fei! Does everyone usually let you know when they start to feel the charts of others? How long does it usually take? Prob depends on each astrologer

20:33:56 From Fei to Everyone:

No, the VA astrologer knows how to feel the client

20:34:04 From Fei to Everyone:

client's chart I mean

20:34:20 From Fei to Everyone:

Then when you feel the chart, you know what question to ask the client

20:34:31 From Kristen Rodzos to Everyone:

I mean, how long does it take for the VA astrologer to feel the chart? Maybe immediately

20:34:57 From Subhashish(Subs) Acharya to Everyone:

@Fei, what a beautiful way ... feeling the vibration and be in empathy with the customers soul!!!

20:34:59 From Fei to Everyone:

By the time you graduate, you will be able to do this. All of you. This is the goal of this small group. You will all be trained to do this

20:35:19 From Kristen Rodzos to Everyone:

I love this so much....thank you Fei!

20:35:43 From Phillip Maxwell to Everyone:

In Buddy Holly's 5 vibe if you're looking at Jupiter/Uranus and you feel what it's like to be playfully spontaneously expansive. You would want to include more planets because there are more planets involved but that would be one of the things you'd want to feel. At least that's my take

20:36:01 From Fei to Everyone:

Kristen, once you are trained as VA Astrologer, it does not take that long, within few seconds

20:36:40 From Kristen Rodzos to Everyone:

Reacted to "Kristen, once you ar..." with 🎉

20:37:00 From Kristen Rodzos to Everyone:

Reacted to "Kristen, once you ar..." with ❤️

20:37:06 From Fei to Everyone:

You ALL MUST master the keyword of each of the planets that you learned last week. It starts from there

20:37:23 From Kristen Rodzos to Everyone:

Reacted to "In Buddy Holly's 5 v..." with 

20:38:05 From Fei to Everyone:

Keep reading them until it sticks in your mind. Do not memorize, read it repeatedly until it becomes like learning how to bicycle which you can never forget.

20:38:30 From Ethan PS Tang to Everyone:

20th harmonic

20:38:58 From Fei to Everyone:

Base 5

20:39:20 From Fei to Everyone:

Excellent Ethan

20:39:39 From vincentadams to Everyone:

How do I get those fractions displayed in the wheel ?

20:40:17 From Fei to Everyone:

$5 \times 4 = 20$, 4 times stronger (20), nonstop practice the

leads to mastery

20:40:18 From Phillip Maxwell to Everyone:

Perhaps a more dynamic creativity with the square

20:41:07 From Fei to Everyone:

Square in the 5 vibe is totally motivating

20:41:33 From Fei to Everyone:

It is not ambition, it is driven

20:41:50 From Subhashish(Subs) Acharya to Everyone:

Most rockstars get drunk or take drugs just before the show to get more flow. Wondering .. if their Vibrations change when they get drunk?

20:41:50 From Fei to Everyone:

YOU GUYS, TAKE NOTES

20:44:31 From Subhashish(Subs) Acharya to Everyone:

VA is so freakily accurate with Predictability!!!

20:44:32 From Fei to Everyone:

Taking drugs among rockstars is caused by peer pressure.

20:46:18 From Fei to Everyone:

Those are aspects in the Natal Chart, the regular chart

20:47:05 From Phillip Maxwell to Everyone:

Replying to "Taking drugs among r..."

That makes sense, but there are a few musicians that are the leaders of it and drive it forward. I would think at any rate

20:48:19 From Fei to Everyone:

Replying to "Taking drugs among r..."

Indeed, it is very sad.

20:48:21 From Subhashish(Subs) Acharya to Everyone:

Shouldn't 39/80 be very similar to 1/2

20:48:52 From Subhashish(Subs) Acharya to Everyone:

Why would be do 80 vibrations/parts, why not do 2 parts?

20:52:40 From Richard Smoot to Everyone:

I remember when that happened. I was 8 yrs old

20:53:47 From Subhashish(Subs) Acharya to Everyone:

Wow!! 27!! Died too young. God is so unfair. Takes away the amazing people, and leaves the earth with 90 year crazy politicians. Very unfair!

20:56:33 From Phillip Maxwell to Everyone:

With Buddy Holly's Mercury Saturn Sun configuration in the 5th I would also expect that he likes playing sophisticated games such as chess'

20:57:46 From Fei to Everyone:

2x5

20:57:51 From Phillip Maxwell to Everyone:

=Play with others

20:58:03 From Phillip Maxwell to Everyone:

creativity with others

20:58:21 From Fei to Everyone:

Good job Ethan

20:59:05 From Fei to Everyone:

2x5=10, 2 is opposition, polarity

20:59:25 From Fei to Everyone:

You also have to feel the aspect

20:59:53 From Fei to Everyone:

Opposition = polarity - seesaw = back and forth

21:00:05 From Fei to Everyone:

Those are the keywords for opposition

21:00:26 From Fei to Everyone:

3 is trine

21:00:32 From Fei to Everyone:

$3 \times 5 = 15$

21:00:51 From Phillip Maxwell to Everyone:

tennis

21:01:12 From Phillip Maxwell to Everyone:

football would have more 4 , 8 16 etc.

21:01:50 From Phillip Maxwell to Everyone:

I

21:02:01 From Phillip Maxwell to Everyone:

I'd expect mars pluto for football

21:02:10 From Fei to Everyone:

Exciting sports more often are hard aspects.

21:02:46 From Fei to Everyone:

2x7, 3x7, 4x7, 4x7, 7x7, etc.

21:03:11 From Fei to Everyone:

Inner self

21:03:44 From Fei to Everyone:

7vibe, your inner self that you don't share otherwise.
It is you and only your own interest, feelings, etc.

21:04:29 From Fei to Everyone:

$3 \times 7 = 21$

21:04:48 From Fei to Everyone:

EVERYONE, THAT IS A STRONG VIBE CHART

21:05:09 From Subhashish(Subs) Acharya to Everyone:

So 7 is a strong vibe?

21:05:28 From Subhashish(Subs) Acharya to Everyone:

No doubt we work for 5 days in a 7 day week

21:05:30 From Fei to Everyone:

A lot of dark and strong lines meaning, small orbs.
The smaller the orb is the stronger the line is

21:05:50 From Fei to Everyone:

On this, yes
