

1st Course, 2nd Class

Wednesday, January 18

1. Homework: Most of you submitted either 2 paragraphs or a 10-minute video on an observation or question that you have. This exercise and my feedback helped a lot, right? Let's look at the videos and homework for this week.

2. Reminder: VA Conference. Thursday preconference meeting for Students Only.

3. Review of a few key points from last week:

(a) <https://www.AstrologyDC.com/wednesday>

(b) We learned some background theory. The first video homework on How Astrology Works, the videos on Carl Jung and other videos should have brought a lot of insight on things not covered in class.

(c) VA is Evidence-Based. Other ideas may work as well, or better, than VA but we have not confirmed them yet. There are very rigorous and clear requirements for being an Evidence-Based Practice (EBP).

(d) The layout of the Sirius software. Very important. You can go back to this part of the recording if you need a refresher on this. There is also a youtube video that explains the basic functioning of the program.

(e) There is a WhatsApp Group and a Facebook group.

(f) Emergency phone numbers: 352-871-1910 (Fei) and 352-871-1931 (me).

(g) VA proposes that there is an energetic function of each planet, each zodiac sign, each house, each aspect, etc. We discussed Leo. This week we learn about the function of each planet.

A few points about the VA theoretical framework:

1. We think of the brain as a radio receiver that receives thoughts and feelings and processes them. Thoughts and feelings are NOT generated by the brain. In the first homework video the scientist Nassim Hamein said that if you break the radio, the announcer is not killed.
2. Carl Jung proposed that there is thought that is shared by people: the collective unconscious. The collective unconscious has stories and images in it. The idea of the brain as a receiver and the collective unconscious are compatible with each other.
3. In VA we see the archetypal stories (the Hero, the Great Mother, the Minstrel, etc.) as vitally important. The archetypal stories are NOT directly generated by the astrology chart.

Upanishads is what Neils Bohr was referring to.

Meanings of the planets and combinations (aspects) between planets Sun through Pluto.

Knowing the Keyword is the key then you can combine 3 or more planets keywords to create a very accurate interpretations.

19:25:19 From Fei to Everyone:

Knowing the keyword of each planet is the key to easily learning VA and come up with excellent and accurate chart analysis.

19:25:27 From Michele Marie to Everyone:

19:34:54 From Fei to Everyone:

To those of you who are new in astrology, I created this document called AGY101Cheatsheet for our students many years ago. Here is the link to the page where you can download the PDF file:

<http://www.avalonastrology.com/AGY101CHEATSHEET.pdf>

19:36:38 From Subhashish(Subs) Acharya to Everyone:

Thanks @Fei. I have been using that sheet for a long time. Thank you BIG time!

19:37:01 From Fei to Everyone:

You are welcome Subhashis

19:38:31 From Fei to Everyone:

I suggest you guys purchasing the "Vibrational Astrology: The Essentials" if you have not purchase it yet. It is a VA Reference book. Here is the link to the information:

http://www.astrosoftware.com/cpnew/other/books/vibrational_astrology.html

19:38:39 From Michele Marie to Everyone:

I have cheat sheet, it seems more like traditional Astrological meanings and not VA. Do you have the cheat sheet for VA explaining essential functions only?

19:39:00 From Fei to Everyone:

Hi Michele, it is in that book

19:39:45 From Fei to Everyone:

That cheat sheet was created in 2016, it is old but you get to see how charts are created, it is good for beginners

19:40:13 From Michele Marie to Everyone:

Yes, that's what I thought

19:43:11 From vince and leslie to Everyone:

Vince asks... you mentioned about Neal Bore? And how Bore would go to the "upperchards" to ask questions. What is the "upperchards"? Am I saying it right?

19:44:31 From Subhashish(Subs) Acharya to Everyone:

Neils Bohr and all Quantum Scientists ultimately become mystics. There is no choice - because when you see that matter and reality is 99.99999% open space, then it changes the whole paradigm

19:44:52 From Subhashish(Subs) Acharya to Everyone:

Neils Bohr also created the Danish National Flag and that has Yin Yang

19:46:04 From vince and leslie to Everyone:

Thank you Fei1

19:48:04 From Fei to Everyone:

You are welcome Vince

19:49:48 From Fei to Everyone:

What we do as astrologers, we look at what our client needs or help with issues in life by looking at the hard aspects in their charts. Then through the process of analyzing the chart, we change the wave of any negative energy into a positive tone

19:53:58 From Fei to Everyone:

David channels interpretations as he teaches so it is important that you guys take notes.

19:57:28 From Subhashish(Subs) Acharya to Everyone:

So SUN = Strong Focus and Strong Action

19:57:51 From Fei to Everyone:

When the Sun conjuncts a planet, it makes that planet powerful. It makes its functions clearly

19:58:23 From Subhashish(Subs) Acharya to Everyone:

Got It! It gives power to it, Makes it stronger...

19:58:29 From Fei to Everyone:

Yes

19:58:51 From Subhashish(Subs) Acharya to Everyone:

My Bank Balance - needs to Sun for sure then 😊

19:58:57 From Michele Marie to Everyone:

Yes good, I see the rest of the chart supports the sun to shine

19:59:17 From Fei to Everyone:

When the Sun conjunct Mercury in a chart, this person thinks very clearly and it becomes super visual

19:59:31 From Phillip Maxwell to Everyone:

could you think of Sun as self in the current moment?

20:02:49 From Michael Sprenulli to Everyone:

It's how notes are put together.

20:03:06 From Michael Sprenulli to Everyone:

Like ingredients in a recipe.

20:03:36 From Fei to Everyone:

Indeed Michael

20:03:41 From Fei to Everyone:

The Sun is one of the spice

20:04:05 From Subhashish(Subs) Acharya to Everyone:

Shouldn't the Sun actually be the Heat that cooks the ingredients/

20:04:21 From Fei to Everyone:

It is not possible to just interpret the Sun or one planet in the chart in VA. You must combine 3 or more planets

20:04:41 From Subhashish(Subs) Acharya to Everyone:

Try eating the same food cold and you will swear by the heat needed
😊

20:04:44 From Michele Marie to Everyone:

Like the sun - it gives life

20:04:52 From Michael Spremulli to Everyone:

Reacted to "The Sun is one of th..." with 👍

20:05:09 From Subhashish(Subs) Acharya to Everyone:

Perhaps the Sun is the Transmutation element for everything

20:05:53 From Subhashish(Subs) Acharya to Everyone:

If you don't agree, happy to cook an extreme spicy Indian dinner and I promise ... you will never forget it. Sun must be creating memories too 😊

20:06:17 From Subhashish(Subs) Acharya to Everyone:

And enemies as well 😞

20:06:32 From Fei to Everyone:

Ha ha ha ha I love Indian food, I may have to take you on this ha ha ha ha

We remember

20:13:32 From Fei to Everyone:

When you learn how to play a bicycle, you have it in you forever

20:13:35 From Subhashish(Subs) Acharya to Everyone:

Shouldn't the moon also be about Psyche?

20:14:00 From Subhashish(Subs) Acharya to Everyone:

Psyche would mean our internal conscious self

20:14:36 From Fei to Everyone:

Yes indeed Subhashis

20:16:36 From Fei to Everyone:

It is connected to the Rising planet

20:17:32 From Michele Marie to Everyone:

And Yod to Pluto/Neptune - his life work

20:18:55 From Subhashish(Subs) Acharya to Everyone:

Trees only grow in the night. At least roots do!

20:19:11 From Subhashish(Subs) Acharya to Everyone:

Moon and Bio are connected.

20:20:22 From Subhashish(Subs) Acharya to Everyone:

I am sure the Moon is about the past. I have obsession towards studying ancient civilizations and occult, the hidden... I am Aquarius Moon 21 degrees

20:20:49 From Michele Marie to Everyone:

My moon is strong - in cancer, on NN on IC in 3rd/IC cusp

20:22:17 From Richard Smoot to Everyone:

The moon reminds me of the Akashic record as a compendium of pictorial records, or "memories," of all events, actions, thoughts, and feelings that have occurred since the beginning of time.

20:22:59 From Subhashish(Subs) Acharya to Everyone:

Price of stocks always go down (usually) during Full Moon, and goes up in New Moon

20:25:17 From Subhashish(Subs) Acharya to Everyone:

Wood loggers in Canada always send the logs in the night when the Moon is up. They say the water is more coherent. They feel the water during the day is erratic.

20:26:32 From Michele Marie to Everyone:

Thank God for that! - re 4th house/ 10th arguments etc

20:28:50 From Michele Marie to Everyone:

Masc Fem polarities on a battery, need both to work

20:31:20 From Subhashish(Subs) Acharya to Everyone:

20:35:52 From Fei to Everyone:

Excellent Michelke

20:36:41 From Subhashish(Subs) Acharya to Everyone:

Now, I absolutely believe we treasure good and bad memories because of the Moon. That's why it evokes feelings from both

20:37:16 From Fei to Everyone:

Yes we do, I am a packrat. I still have the bed that my step daughter used when she was little. She is 40 years old now ha ha ha ha she told me to get rid of it already. But having it here at home, I feel she is still here as a child ha ha ha it does not make sense
