

6th Course, 4th Class

Thursday, June 1, 2023

1. Review schedule of classes.

2. Homework:

Video on Treasure Maps, which is mostly a review of TreasureMaps to help reinforce your understanding and add some new perspectives and details.

Video on aspects and midpoints in mundo. Aspects and midpoints are usually not done in mundo because of questions of how they can be done. You don't need to remember all of the details, but this gives some ideas and you have this as a reference in the future if ever needed.

3. Relocational Astrology:

How to find healing and avoid disruption.

Also the importance of negative potentials.

What is the Ascendant?

The Ascendant is where the Horizon Great Circle intersects the ecliptic plane. (Note: The Ecliptic is also a Great Circle).

A Great Circle is a circle in the sky with you (the Earth) at the center.

Rule:

The two points that are opposite to each other where a Great Circle intersects the Ecliptic Plane (which is also a Great Circle) are extremely Powerful Points.

Horizon intersects Ecliptic Plane = Ascendant and Descendant

Meridian plane intersects Ecliptic Plane = MC and IC

Prime Vertical intersects Ecliptic Plane = AntiVertex and Vertex

Celestial Equator intersects Ecliptic Plane = Tropical 0-Aries and 0-Libra

Sacred Geometry creates the seasons and the tropical zodiac.

The 4 seasons and the tropical zodiac are sisters. Like any sisters, they have some things in common and some things that are different. The mother of the 2 sisters is the fundamental geometry.

All of these 8 points were written about 2,000+ years ago except the Vertex and Antivertex. The Vertex and Antivertex were introduced in the 20th century Edward Johndo and others.

I guess my point is that even if the place feel lovely and nice, but you're experiencing unexpected events and unrest, I'm sure it's the best place to be. I'm just not a fan of the Mars/Uranus MP at all. For me, it has meant accidents.

20:11:20 From Angela Dills to Everyone:

*not sure it's the best place to be (that's what I meant)

20:14:17 From Cosmic Patterns to Everyone:

No opioids for you Vicky

21:02:05 From Cosmic Patterns to Everyone:

I think she is totally stressed right now causing her to be diagnosed with dementia. When any one is in total stress, you tend to forget things. I experienced that and not able to function well.

Reacted to "No opioids for you V..." with 

21:03:33 From Angela Dills to Everyone:

Absolutely, and I hope she's able to find a way to focus on herself more than her daughter. When I spoke to her at the conference, I could really feel all of her pain. It is intense...

21:04:03 From Cosmic Patterns to Everyone:

When I am in total stress, I forget things that I know very well. When I am relaxed and distressed, I remember everything.

Her life, schedule, routine, etc. are ALL for her daughter and her daughter alone. She needs to at least go out of the environment even for a short time to distressed.

Absolutely.

21:07:27 From Cosmic Patterns to Everyone:

It will also good for her daughter. She will be more focus and stronger when she comes back from a break
